and International Relations,
Jagiellonian University in Krakow

Subject: Evaluation of the thesis entitled: "Comunicare l'euroscetticismo. Analisi degli spot elettorali dei partiti euroscettici dal 2008 al 2018"

Dear Professor Miżejewski,

This is to thank you again for having accepted to evaluate a thesis entitled "**Comunicare l'euroscetticismo. Analisi degli spot elettorali dei partiti euroscettici dal 2008 al 2018**", by Melissa Stolfi, PhD student at the La Sapienza University of Rome, as expert in political marketing.

The Italian PhD regulation foresees the presence, for those candidates asking for the "Doctor Europeus" title, of at least two external evaluators, coming from European Universities, to discuss their work. Besides from the opportunity given to one of our students, this is a concrete sign of the Ph.D. course's internationalization, so let me express the sincere greetings of the Coordinator of the Ph.D. course in "Communication, Research, Innovation".

Best regards,
Christian Ruggiero
Secretary of PhD School Mediatrends
Sapienza University of Rome
