

The guidance on how to fill in the Erasmus application form 2024

The necessary step in applying for the Erasmus Programme at the Institute of Political Science and International Relations is filling in the MS Forms AND the USOSweb form

The MS Forms is in English and its main purpose is to arrange students' applications.

In order to fill in the form correctly, you need to get familiar with the updated list of Erasmus agreements – available at the website

You need to pay particular attention to the level of studies (BA/MA/PhD) so that not to apply for the wrong programme. You need to also consider the language requirements of a chosen university. If there is no information in the column devoted to English, this university ONLY accepts students speaking the relevant national language.

In order to submit the form, you need to submit a language certificate and/or language competence confirmation.

We would allow the following:

- Internationally recognized certificates such as Cambridge English Exams, IELTS, TOEFL, DELF-DALF
- The certificates issued by the Jagiellonian Language Centre (JLC)
- The statements about the level of language issued by the lecturers from the JLC or confirmations about the enrolment on a language course run by JLC at a chosen level
- Academic transcript of records certifying the language exam results
- International baccalaureate/A-finals/college language exam results, to be recognized as B2 proficiency
- In case of native speakers, school diplomas confirming completing the education in a chosen language
- For Students of English-speaking programmes at the Faculty of International and Political Studies – the statements issued by your office – to be recognized as B2 proficiency
