

The Regulations of the Competition for the Student Mobility at the University of Edinburgh and at the University of Exeter

The Conditions of Exchange

8. The student bears all the costs associated with mobility.
9. The host university exempts the student from student fees.
10. The student who has been granted the mobility is obliged to fulfil all the formalities as constituted by the host university and all connected with the insurance, health-related issues, immigration regimes and legalising their stay.

Credit recognition

11. The courses realised during the exchange are recognised as the integral part of the programme at the Jagiellonian University on the basis of the Learning Agreement and Transcript of Records. The exchange study plan must be agreed and accepted by the relevant Authorities prior to the mobility. In case the student is unable to realise the learning outcomes seen as obligatory within their programme at the Jagiellonian University, it will be necessary to complete these courses at the home university.
